HOMARI AOKI: Welcome back to the Grid Resilience State and Tribal Formula Grant grant application video series. This video will cover the SF-LLL or the Disclosure of Lobbying Activities form.

A disclosure of lobbying activities is also known as the SF-LLL, it is required by all applicants. Federal funds may not be used for lobbying activities. This includes influencing or attempting to influence, directly or indirectly, any congressional act or any legislation or appropriation matters. Applicants must fill out this form to ensure that non-federal funds have not and will not be paid to lobby in connection with the application.

This form must be filled out whether or not applicants have a lobbyist. If there is no lobbyist, then fields in Section 10 can be marked as not applicable. This form is required even if a tribe does not have any lobbyists and an SF-LLL is required by all tribes in a tribal consortium. That concludes the section on the SF-LLL. Next we'll have a video on the Pre-Award Information Sheet.
